**ST. JOHN'S – MOSAIC
THE GRIMES**

Mosaic Campus Church
Memorial University of NL
St. John's, NL A1C 5S7

Mosaic Campus Church is one of the most beautiful places to spend your Sunday evening. Each Sunday night on campus you will find a gathering of 70-100 post-secondary students who are developing intentional community, asking tough questions with the hope of owning their faith, and giving back to the campus they are a part of.

Mosaic's three goals are to create environments for students to *explore authentic spirituality*, to *come on in* and feel welcome in every gathering we have, and to *love their campus*. We've seen people begin new journeys with Jesus, others pick up those journeys where they left them, and then others who have had an amazing progression in the journey during their young adult stage of life. God has done some amazing things through this campus church and a big thanks must go to those who have given sacrificially to the opportunities and impact we are making on campus!
